

NoFoam™ A

DEFOAMER

NEWPARK
DRILLING FLUIDS

www.newparkdf.com

PRODUCT DESCRIPTION

NoFoam™ A defoamer is an alcohol-based foaming agent.

BENEFITS

NoFoam A additive is a superior and versatile defoamer.

APPLICATION

NoFoam A defoamer is used in all drilling fluids and brine-based completion fluids to control surface foaming.

TREATMENT RECOMMENDATION

To control surface foam, the product should be splashed on the surface of the fluid system. Alternatively, the product can be slowly trickled above the mud trough through a small hole in the bottom of the pail.

TYPICAL PHYSICAL PROPERTIES

Appearance..... Clear to amber liquid

Flash Point..... 181°F (83°C)

Specific Gravity..... 0.83

HANDLING AND STORAGE

Store in a cool, dry, well-ventilated area well away from ignition sources and strong oxidizing agents. Keep container tightly closed. Use appropriate hygiene, clothing and personal protective equipment suitable for work being done. Review the SDS thoroughly before using this product.

PACKAGING

NoFoam A defoamer is available in 5-gallon (19-liter) pails.
